CERTIFICATES

- [PCEP-30-01] PCEP – Certified Entry – Level Python Programmer, Issued by – Python Institute.
- [CLF – C01] AWS Certified Cloud Practitioner.

TECHNOLOGY PROJECTS

Portfolio Website - HTML, CSS, Django, Python, jQuery.

I am currently making this website using all the languages and tools which I have learnt while becoming a self-taught developer. I am implementing this website on PyCharm using Python, Django, HTML, CSS and jQuery. I am also using Bootstrap to make it responsive, for fonts, icons and logo I am using HTML and CSS, for some advance designs to make website attractive I am using jQuery, for Web-Framework that enables rapid development of secure and maintainable website I am using Django.

Simple ATM Machine - Python

It is the simple program where it welcomes the user and show the available balance. I have implemented different functions such as Check account balance, Deposit and Withdraw Funds – Python, PyCharm.

Tic-Tac-Toe Game - Python

The game was developed on PyCharm platform using python language Tic-Tac-Toe game is an easy game which is mostly played among children and it also helps them to improve their concentration.
